JURY REPORT

The Jury of BRASÍLIA 2017, FIP World Stamp Exhibition has completed judging and we are pleased to present this report.

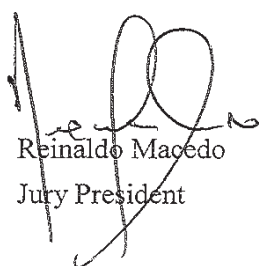

The Jury judged a total of **464** exhibits and we have found that the quality of exhibits shown here is very high. We have awarded **18** Large Gold medals and **74** Gold medals. We are also pleased to see many exhibits that have made improvements since they were last shown in previous stamp exhibitions.

20 exhibits were transferred to a different exhibit class to ensure they achieved a better award. Unfortunately, 19 exhibits did not arrive and 2 were out of competition. Therefore 21 exhibits could not be judged.

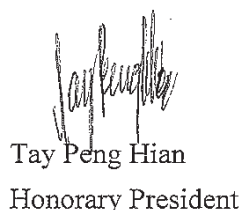

The Jury would like to thank the BRASÍLIA 2017 Organising Committee, FIP Consultant and National Commissioners for their efficiency and hard work. We are grateful for Court of Honour and FIP Grand Prix Club participants bringing us wonderful exhibits, which created enormous interest among the philatelists as well as the casual visitors.

Finally, we wish to thank the hospitality and friendship of the BRASÍLIA 2017 volunteers and the facilities and support provided by the Organizing Committee.

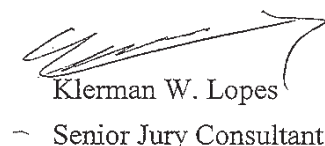

On behalf of the BRASÍLIA 2017 Jury, 27 October 2017

REPORT OF THE EXPERT GROUP

The Expert Group of BRASÍLIA 2017 made a specific review of exhibits which had been queried at previous FIP (including FIAP/FEPA/FLAF) exhibitions where certificates were requested. Out of 56 items identified, 13 had certificates provided and 39 items were not exhibited. Four items were in two exhibits which were absent.

Members of the Group also inspected as many exhibits as possible in each competitive class including the Youth Class 8C. Dubious items reported by judging teams were checked. In addition, all the exhibits in the Championship Class were examined.

As a result, a total of 65 new items were removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	13 items
No action required but improve description	1 item
Has to be Certified	50 items
Not to be exhibited again	1 item
Total	65 items

The reports of the items examined together with colour illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to their respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed. Copies of the same documents in colour were retained for FIP records.

The Expert Group, consisting of Mr Geoffrey Kellow, Mr Tono Dwi Putranto, Ms Dila Eaton and Mr Jenwit Apichainunt, would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organizing Committee for the excellent facilities for the smooth working of our group.

Postal Parade

It is a creative way to transform mailboxes into three-dimensional displays for artistic expression.

This is the proposal of Postal Parade, a cultural action idealized by the Brazilian Post Office that invited artists from Brasília to customize the traditional boxes for mail collection.

The idea of the Postal Parade aims to give new meaning to the boxes being taken off the streets and turn them into art.

The following images are the proposals submitted by the invited artists.
