# Jury Report

---

The jury of NOTOS 2021, FEPA exhibition with FIP recognition, has completed judging and we are pleased to present this report.

The jury judged a total of 285 exhibits and we have found that the quality of exhibits shown here is very high. We have awarded 17 Large Gold medals and 49 Gold medals. We are also pleased to see many exhibits that have made improvements since they were last shown in previous stamp exhibitions.

6 exhibits were transferred to a different class to ensure they achieved a better award and 8 exhibits were set out of competition. Unfortunately, 21 exhibits (including literature) did not arrive..

The expert team, under the direction of Jean-François Brun, checked a great number of exhibits. 10 certificates have been asked for, 5 items were found doubtful and the experts recommended not to show them again.

The jury would like to thank the NOTOS 2021 Organising Committee, the FEPA consultant, the FIP Liaison officer and the National Commissioners for their efficiency and hard work. We are grateful for the Court of Honour bringing us wonderful exhibits, which created enormous interest among the philatelists.

Finally, we wish to thank the hospitality and friendship of the NOTOS 2021 volunteers and the facilities and support provided by the organizing Committee,

George Thomareis (President)

Per Mortensen (Vice-President)

# Expert Team Report

---

After a careful view of the whole Traditional, Postal History and Thematic displays, the Expert Group formed by Jean François Brun (AIEP) and Giacomo Bottacchi (AIEP) found a certain number of issues, all reported in writing to the Secretary of the Jury.

The Expert Group has suggested just for a single exhibit its downgrade, as the Collector did not provide the Certificate nor withdraw the forged item, already notified in a previous Exhibition.

Most of the problematic items were found in Championship and Thematic Classes; all of them have been promptly detailed to the Jury by its Secretary or Team Leaders.

As a final check the Expert Group requested to Team Leaders the five best results in order to review once again all the candidate exhibits to the major awards.

Finally, the Expert Group would like to express its gratefulness to the Organizing Committee and the whole Jury for their active cooperation during NOTOS 2021.
