Report of the Jury of London 2022

The jury of London 2022 has completed judging and is pleased to present this report.

The jury has judged a total of 545 exhibits - with a total of 47,696 pages in the frames and 318 literature exhibits, of which 38 were digital literature exhibits. The jury members have found that the quality of exhibits shown here has been of an exceptionally high standard. We have awarded 93 Large Gold Medals and 184 Gold Medals. We are also pleased to see that many exhibits have made significant improvements since they were shown in previous exhibitions.

11 exhibits were transferred to a different exhibition class to ensure they achieved a better award. Unfortunately, 63 exhibits did not arrive, but 30 exhibits were shown as photocopies. 7 were out of competition, and therefore a total of 70 exhibits could not be judged.

The Jury would like to thank the London 2022 Organising Committee and volunteers, the FIP Consultant and national commissioners for their efficiency and hard work - under the unusual circumstances created by the Corona virus. We are grateful for all exhibitors bringing these wonderful exhibits, which creates interest in our wonderful hobby.

Finally, we would like to thank the London 2022 exhibition organisers for their hospitality and the fine facilities and support provided for the jury.

On behalf of the London 2022 jury.

25th February 2022

Chris Harman
Jury President

Bernie Beston
Honorary President

Brian Trotter
Jury Vice President

Dan Walker
Jury Vice President

Prakob Chirakiti
Jury Vice President

Lars Engelbrecht
Jury Secretary

Report of the Expert Group

The Expert Group of LONDON 2022 made a specific review of exhibits which had been queried at previous FIP (including FIAP /FEP A/FIAF) exhibitions where certificates were requested. Out of 37 items identified, 12 had certificates provided, and 23 were not exhibited. Two items were in an exhibit which was absent.

Members of the Group also inspected as many exhibits as possible in each competitive class (excluding Youth). Dubious items reported by judging teams were checked. In addition, all exhibits in the World Stamp Championship were examined.

As a result, a total of 61 new items were identified and photographed in situ in the frames. The recommendations of the Expert Group regarding these items is as follows:

No Action Required	1 item
Has to be Certified	46 items
Not to be Exhibited Again	3 items
Description to be Improved	11 items

The reports of the items examined together with colour illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to their respective exhibitors and National Federations. Copies of the same documents in colour were retained for FIP records.

The Expert Group, consisting of Mr Geoffrey Kellow, Mr Eduardo Escalada, Mr Ian Harvey and Mr Bruno Crevato-Selvaggi, would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organising Committee for the facilities provided for the smooth working of our group.

London, 25 February 2022

Eduardo Escalada-Goicoechea

Geoffrey Kellow, Team Leader

Ian Harvey

Bruno Crevato-Selvaggi

Exhibit Results

Presentation of results is slightly different from previous international exhibitions, in that there are some differences in awards recognised by the FIP and those by the London 2022 exhibition.

Due to travel difficulties, 31 exhibits were submitted as pdf files and printed/mounted for display. For the London 2022 exhibition they were awarded medals as if they were physical exhibits, but for FIP they are given Certificates of Participation.

Championship Class are not given scores, nor medals but are awarded Certificates of Participation.

One-frame exhibits are also awarded medals by the London 2022 exhibition but not for FIP, these are shown below as /1-frame after the level.

In the table below, if the FIP award is different to the exhibition award it is included after a "/" character.
